

## COMP3211/COMP9211 Computer Architecture

Lab 3 (Week 4)

### Project work

Goal: Project work discussion.

Task1: (Within the lab class)

For each project group, tell the class:

- 1) your project plan,
- 2) the role of each team member, and
- 3) how you can ensure the project progress smoothly and successfully.

Task2: (Within the project group)

- 1) Demonstrate the work you have completed so far.
- 2) Discuss the problems you have encountered and possible solutions.
