

# **Proposed Minor in Computer Science**

## **COMPA2 Computer Science**

Available in Program(s)

Bachelor of Economics - BEc  
3543 - Economics

Bachelor of Advanced Science(Honours) - BAdvSci(Hons)  
3962 - Advanced Science(Honours)

Bachelor of Science - BSc  
3970 - Science

### **Specialisation Structure**

Students must complete 36 UOC

### **Core Courses**

Students must take 12 UOC of the following courses:

COMP1511 Programming Fundamentals  
COMP2521 Data Structures and Algorithms

### **Computing Electives**

Students must take 24 UOC of the following courses:

any COMP course

Level 3 Computing Requirement

At least 12 UOC of the Computing Electives must come from the following courses:

any level 3 COMP course  
any level 4 COMP course  
any level 6 COMP course  
any level 9 COMP course
