There is a diagram on the page, but the text is not legible due to the quality of the scan or the content itself. The diagram appears to be related to logical or mathematical concepts, possibly involving symbols or structures that are not clearly visible.
Slide 13

World State \rightarrow Action \rightarrow New World State

New Information \rightarrow Belief Update

Slide 14

Ordinal Conditional Functions

Slide 15

Some morals?

The way you use a logic is important. It can lead to more complex behaviour.
Structure is important.

Slide 16

Summary

Many belief change areas still to explore
Can have richer structure than AGM (e.g., Spohn, probabilistic approaches)
How practical is it to implement belief change? (To use?)
Many interconnections with other areas in reasoning
Belief change provides but one way of viewing reasoning
